Welcome and Introductions:

Felicia Carroll, Co-Chair and Edilberto Viera, Jr, Co-Chair welcomed the group and participants. Myron Gold led the group with a moment of silence, noting the recent passing of Judith Verdino, the former director of HIV Care Services, Public Health Solutions (formerly MHRA) and a steadfast ally of PLWHAs. Edilberto reviewed the Rules of Respectful Engagement and Darryl Wong reviewed the agenda and meeting materials for the afternoon's meeting.

Review of May 14, 2008 Minutes:

The minutes from the May 14, 2008 were reviewed; a motion was made, seconded; voted & minutes were accepted.

May 2008 Planning Council Activities:

Jan Park provided an update of Planning Council activities: the *HIV Planning Council* will meet on Thursday, June 19. The Council has been involved in ranking services and identifying allocation to those services, recruitment of new members, reviewing many studies which will help us in the PSRA process. At the full meeting on June 19, there will be a discussion on Medicaid changes; on Friday, June 20 the *PSRA Committee* will begin to apply

1 a revised PSRA tool in order to rank service categories and the *RMC Committee* will meet to
2 discuss By-Law changes and begin the annual selection process of new members, whose
3 terms will commence in the Fall. At the PLWHA Advisory Group on Saturday, June 21, there
4 will be a presentation on HIV and immigrant/undocumented populations and a report back
5 from the recent HPLS meeting in Detroit. Jan conducted a review of the concept of
6 reprogramming of grant funds, which arise because of unspent dollars due to start-
7 up/implementation or service delivery issues. Public Health Solutions, our master
8 contractor, is able to determine, through its ongoing fiscal and program monitoring, how
9 much in under-spending of grant funds will occur in specific contracts and the larger service
10 categories under which they are funded. The re-programming scenario, already approved
11 by the PSRA and Executive Committees will include \$2,000,000 to the ADAP pools, 9%
12 increases for the food portion of budgets for Food & Nutrition contracts, a \$14,000 increase
13 in fuel costs for Transportation contracts, flexibility in moving funds between service
14 categories (up to 15%), purchasing of Rapid Test Kits and a final restoration of \$1,000,000 to
15 ADAP. Developing scenarios such as these, allows our EMA the flexibility to spend down
16 our grant award; in this last year we spent over 99% of our awarded funds, which represents
17 a new record for our EMA.

18
19 Jan referenced the proposed changes to the Planning Council By-Laws. The RMC
20 Committee approved the proposed changes; these recommendations were then sent to the
21 Executive Committee, which accepted some of the recommendations and sent back the
22 remainder for the RMC to continue its review. Darryl reminded the group that while all
23 meetings are open to the public, the portion of the RMC meeting on Friday, June 20 that will
24 involve Planning Council member application review for the 2008-9 year is a closed session
25 and open only to members of that Committee, due to the confidential nature of personal
26 information.

41 **2007-2008 Year-End Review:**

42 Darryl reviewed the accomplishments of the Consumers Committee (CC) during this
43 planning year. Some highlights included: 1) stabilization of membership & participation,
44 with an average of 16 consumers attending each meeting, 2) the participation of the CC as
45 the NYC CAB for the MMP project, including the development and feedback of local
46 questions, 3) the participation of consumers in the annual September orientation,
47 presentation of PSRA matrix, on-going LTI trainings and other topical presentations, 4) the
48 participation of the CC in the brain-storming, ranking/prioritization and development of the
